- ACADEMIC EXCELLENCE  
A.Y. 2021 – 2022 1ST SEMESTER
- ACADEMIC EXCELLENCE  
A.Y. 2021 – 2022 2ND SEMESTER

## ABOUT ME

Dynamic and results-oriented BSIT graduate with a specialization in web and mobile app development, equipped with a strong foundation in computer science principles and practical experience in designing, developing, and deploying innovative digital solutions. Seeking a challenging role where I can leverage my technical skills, creativity, and passion for technology to contribute effectively to projects and drive organizational success.

## WORK EXPERIENCE

Web Developer Intern 02/22 – 05/22  
**Signopsys Inc. | Las piñas City**

Responsible for Assisting in the design, coding, and modification of websites and web applications. Working closely with experienced developers, I contributed to the creation of visually appealing and user-friendly interfaces. I gained hands-on experience in front-end development using HTML, CSS, and JavaScript, focusing on responsive web layouts. Additionally, I conducted testing and debugging to ensure optimal functionality across various browsers and devices. I actively participated in website maintenance tasks, such as content updates and bug fixes. Throughout my internship, I stayed updated with emerging web development trends and technologies while collaborating effectively with the team to meet project deadlines and deliver high-quality results.

Social Media Content Moderator 08/22 – Present  
**Teleperformance | 4th & 5th Floor, SM City Clark IT Center, Angeles City**

Responsible for evaluating online social media and advertising content in alignment with policy guidelines. Utilizing internally developed applications, I proficiently navigate and review images and text-based content to ensure compliance. Actively participating in meetings to discuss findings and recommendations, I contribute to the continuous improvement of content quality. With exceptional attention to detail, I consistently maintain high-quality deliverables and increase productivity through data analysis. Additionally, I have gained expertise in examining ad units, visiting web pages, and recording insightful findings using web-based tools and workflow systems. Collaborating with engineering and linguistics teams, I contribute to enhancing the quality of next-generation web services. My dedication to delivering optimal quality and productivity levels is evident in my work as a content moderator.
